## COUNTY NURSE REPORT

To the Citizens of the Town of Kingfield, I hereby submit my fifth report as the Public Health Nurse for the fiscal year, February 1, 1932 to February 1, 1933.

In January the schools were visited, and Seven Point Pins and certificates awarded.

In February the Parent Teachers Meeting was held with a Health Program, and the school assembly meeting, February 22; both were attended.

The students were reweighed, and corrections noted, and during 1932, 96 Seven Point Pins and Certificates were awarded. 50% of the students having corrections.

Several instructive visits were made, and interested individuals seen in regard to having a Child Welfare Conference.

A child with serious eye condition was taken three times to an eye specialist in Lewiston, the Red Cross paying for glasses.

In the fall, all the students received their Annual Routine Health Examinations. 210 being seen by the nurse, 121 had one or more defects, 79 had had corrections, 152 notices sent to parents, 17 students were 10% or more underweight; the same number as last year. Sixteen had partial loss of hearing, 23 defective vision, the latter an increase over last year. One 50% dental certificate was awarded; and one Trophy Health Habit Award.

Several social service visits were made in regard to financial and other problems.

The Nurse and the North Franklin County Public Health Committee again extend thanks and appreciation to the teachers and others who have co-operated with them in the Health Work.

*Respectfully submitted,*

ADA H. STAFFORD, R. N.

North Franklin County Nursing Service  
Affiliated with the  
Maine Public Health Association.

## Report of Superintendent of Schools

---

To the Superintending School Committee:

I herewith submit my third annual report of the schools for the fiscal year ending February 15, 1933.

As one means of eliminating what may seem to be unnecessary expense, this report has been reduced to a minimum, and in the financial statement we have entered only those items which would appear to be of interest to all.

Our enrollment at the beginning of this year was slightly greater than that of last year, although our average attendance has been somewhat reduced by sickness at the beginning of the winter term.

Two changes were made in the teaching personnel of last year. Mr. Lewis Webber of Farmington, a graduate of Farmington Normal School and a former teacher in the schools, of Boothbay Maine, took up the work of the seventh and eighth grade. Mr. Maurice Rhuland, a Bates man, succeeded Mr. Kitchen as Principal of the High School. We take this opportunity to commend both of these men for the splendid manner in which they have handled their work.

We feel confident that in all grades the work this year has been of a high order. Space will not permit us to deal separately with the varied functions of secondary and elementary schools, including debating, athletics, dramas, public speaking, school newspapers and music courses, but in passing we would say that a fine morale has been evident on the part of the students throughout, and the work of the teachers, individually and as a unit, has been harmonious and successful.

We had, at the beginning of the year, rather a large enrollment in the primary grade, due in part to the sub-primary, but by a temporary rearrangement of the teaching load, this difficulty has been taken care of.

We have done only a small amount of repairing, and only where it seemed essential to the maintenance of the plant. We have, therefore, quite an unexpended balance in this fund. We would respectfully call your attention to the distribution of the school dollar.

Maintenance	.10

\$1.00

The expenditures of this past year are about eight hundred dollars less than those of last year. An estimate of the possible resources for next year would indicate the necessity of a reduction of at least another thousand in the expenditures. The State School Fund will be reduced by twenty per cent. Repairs appropriations can be cut in half.

This is indeed a period of acute financial distress. The schools must share in the necessary reduction of taxation, but we do feel that such reductions should be gradual and evenly distributed over all departments. We feel confident that the schools have given value for the money expended, and we trust that their efficiency may not be impaired for the coming year.

In closing this brief report I would take this opportunity to thank the Committee, each and every one of the Teachers, the Janitor, the parents and all who have contributed to the success of the past year.

*Respectfully submitted,*

I. E. ADAMS,

*Superintendent.*
